[We said], "O David, indeed We have made you a successor upon the earth, so judge between the people in truth and do not follow [your own] desire, as it will lead you astray from the way of Allah." Indeed, those who go astray from the way of Allah will have a severe punishment for forgetting the Day of Account.

It is a great honor for my father, who, thanks to his precise calculations, has uncovered agents hiding behind the religion Beware of Agent Mohammed Afif al-Qawasmi, who sold his soul to Mossad and surrendered his associates in exchange for relief and protection for his business. The betrayal of the charlatan Abd al-Raof al-Qawasmi, the charlatan of the Khalwati Kassmi stream, has reached the point of succumbing to Zionist extortion and agreeing to appoint Zionist professors at Al-Qasemi College, who specialize in the history of Islam and social science. They were appointed to positions while he served as leader of the stream and president of the college, all in order to corrupt an entire generation of mothers and fathers, and all those appointed to the positions are Zionists, whose names are below

Since 1988, and after Afif al-Qawasmi (who is affiliated with the Palestine Liberation organization and is controlled by the Israeli Mossad), there has been a fraud on the stream's Darvishis followers, and he has been appointed leader of the Khalwati stream. He allowed his son, Muhammad Afif al-Qawasmi, to control all matters of the sect (the financial matters and the targets). After his father died in 1988, Abd Al-Raof Al-Qawasmi was chosen as his brother's heir, and he was also a follower of the Palestine Liberation Organization, with a weak personality and a shaky financial situation. He received threats from the Zionists and gave in to them, and then Zionism controlled the cult and achieved its hidden goals through the strengthening of Muhammad Afif al-Qawasmi and the people who enjoyed his surroundings, gave them protection and allowed them to conduct their financial affairs in exchange for the implementation of the poisoned Zionist agenda, which is the task they were tasked with (treason, reporting, carrying out an agenda...).

Photos on the right side with the Shield of David symbol on their heads: 2 leaders of the Khalwati Kassmi stream and the son of one of them, Muhammad, with the wording under the photo: agent of the institute (the Zionist institute).

Our people in Palestine, the confiscation of the smart college and the Al-Qasmi Academy is a religious obligation

Our people in Palestine, the registration of your sons in the smart college and Al-Qasmi Academy supports the plots against Islam and the Muslims, the least of which is the Sedaw Agreement. Watch out, watch out.

Sharia College! Al-Qasmi College!

It is the material taught there by the wall next to the mosque, under the speakers of the rook, that every day reads five times there is no God without Allah, close to the prayer chamber that preaches modesty, shame, and abstinence!

A threat, even though it was gradual. From a college that teaches Islamic Sharia and does not allow female students to enter without sharia dress with a ban on many things about mixing boys with girls to a college that teaches students and presents them with novels full of sexual freedom and sexual deviation!!! Oh my God!!

It is a college course taught by the student who studies Arabic - the language of the Qur'an. This is what the professors of the thousands of novels and stories have chosen. The author of the novel was imprisoned in the state of Kuwait in 2000 because she wrote contrasting things to Islamic Sharia and norms and damaged the meaning of shame and innocence. But here is al-Qasmi releasing her to deceive and destroy entire generations!

Not too long ago, we attacked the Alarz Tahena company and boycotted its products because it supported the LGBT population, and what should we do now? Does college teach this to an entire generation and to the people who will be responsible for our children in schools? Will we be silent because we are afraid of the misguided idolatry?

Or should we be silent for a relative who teaches there or a friend who works there?

If the college continues to spread these ideas, the 2023 Pride Parade will take place on the main street or on the street next to the college.

Message no. 117 from the diligent

My brother Isma'il, I swear to God that anyone who supports these pig traitors, associates 'Abd al-Raf and the pig Muhammad Zaki with no brain and the pig Muhammad 'Afif... This is a man who is disrespectful and has no rank for his religion and our saints and not for the honor and dignity of the Muslims. They all cursed; they slandered the name of the stream. If they had told us from the beginning: We're hungry people, liars, we want your money, because then we'd give them a thousand spitting charity on your face. You are priests on the door of hell. Those who seek your advice, deceive them and lead them to hell through your abominations. God, come with you and settle your score with every phony pig that supports you. You have freed our faces, and God will avenge you and every goatee with or without a brain.

We send our sons and daughters to teach religion, and in the end, it is deceit and spies. Our daughters are taking pictures for the benefit of a corrupt man. Cursed be the seed of your father who brought you into this world, you, Mohammed is, a brain-free, truly mindfree, and without honor. If there are men in Baka who have whiskers, you won't live one day, you and the pig, your leader, and you won't live among us in Baka.

The spy Muhammed Zaki. The spy Mohammed Zaki. He was recruited to work for grades in 1995. He is in charge of the Al-Qasmi institutions. He was appointed by his leader. He's engaged in sexual fraud on the Al-Qasemi College students.

The spy Muhammad 'Afif al-Qawasmi. He was recruited to work with the Zionists in 1995 by the spy Shawkat Qadan. He gained power in the Sufi cult thanks to his father, the head of the cult. He used all the cult's money for his own benefit and ratted out his relatives to the Zionists, so some were killed, and some were imprisoned

Sheikh 'Abd Al-Raof Al-Qawasmi: The head of the demagogic, fake and master cult.

He was recruited to work with the Zionists in 1998 by the two spies: Muhammad Zaki Abu Mukh and Muhammad 'Afif al-Qawasmi since they dressed him in the role on the order of the Jewish interior intelligence agency (Shabak).

The corrupt Abd Al-Raof Al-Qawasmi uses the new scheme when he takes pictures with the respectable and decent members of the al-Qawasmi family to legitimize his corruption. Even if you take a picture with the angels, you will remain corrupt because you are tainted and not them, for you are corrupt and you will remain corrupt.

The corrupt will remain corrupt even if he is photographed with the angels because the inadequacy is in himself and not in them

The Zionist agent, Muhammad Afif al-Qawasmi, who looted the endowment funds and turned them into his own money and ratted out the heroes of the al-Qawasmi family and killed some of them and exiled another part, gave legitimacy and protection to corruption in the Al-Qasmi institutions.

The charlatan Abd al-Raof Al-Qawasmi, chairman of the board of trustees of the Al-Qasmi institutions, gave legitimacy to corruption, theft of opinion, and land theft in the name of religion.

Mohammad Zaki Abu Mukh, who instructed members of Al-Qasmi institutions to support a festival that encourages sexual deviation, hosted the Zionist, Gideon Sa'ar, and recruited an audience to welcome him.

Whenever you're mentioned, I smile

Like you're a holiday, and the rest are illusions

Or every time your image hovers in the air, I fly after it

You are the truth, and the rest of the people are illusions

Man, do you mean the man in the picture? You're ignorant; this man unjustly stole public funds in the name of religion? These praises do not fit the arrogant devils and idols... Go and look again at your faith; you are in great danger

Getting up in front of Rauf is a mitzvah
Ignoring a mitzvah is not right
I wonder who has a heart and a brain
He sees such beauty and does not rise

This is a picture of the crook, Abd Al-Ranf Al-Qawasmi, after he sat among the enchanted and enchanted women, and after each of them spoke to him about her house secrets, shook his hand, and kissed his dirty hand, the hand that had stolen public money in a scam. The infidels of Cornish did not reach such a wise level of progress.

TARIK QAEASMI

Beware of the spy Mohammed Afif al-Qawasmi and his entourage; this is the man who sold himself to the Zionists and ratted out his relatives in exchange for favors, easiness, and protection for his business

The rogue Abd Alarof and his corrupt son want to show you that they are one hand. Yes, we know you're on one hand, but it's a corrupt hand. We pray to God to cut this hand as quickly as possible, for you have corrupted people, misled them, and stolen the money and land of poor people in deceit when you use religion as a cover for your actions. God gives a long time but does not neglect. I pray to God that He will quickly bring salvation to people from this corrupt gang

This scoundrel, Abd al-Raof al-Qawasmi, his phone was hacked, and calls were intercepted between him and the Zionist entity. He makes them concessions that led to the takeover of the Zionist entity over all the Al-Qasmi institutions, where they spread their poison and agenda, which called for the philosophy of empiricism, perversion, and treachery. Yorta also had a conversation during which he mocked his followers and said they were innocent idiots

This is Tariq, son of the con man Abd al-Raof Al-Qawasmi, whose phone was hacked and intercepted a call, during which he quarreled with his brother (due to his brother's financial debts)

He was recruited to work with the Zionists in 1998 by two spies: Muhammad Zaki Abu Mukh and his nephew, the spy Muhammad 'Afif al-Qawasmi. They put his hat on him at the order of the Israeli intelligence services.

The spy Mohammed Zaki was recruited to work with the Zionists in 1995. He is in charge of the Al-Qasemi institutions, appointed by his leader, and is engaged in extortion through the sex of Al-Qasmi students.

The fourth: Hilmi Hajuj (who serves in a position similar to a judge but at a lower level than a judge), is one of the advisors of this gang because he is proficient in civil law.

The fifth: 'Afif Abu Toameh, a member of the Hosni Al-Qasmi organization. Years ago, he was the head of the Al-Qasmi Academy.

The sixth: is Na'il Biadsa.

All of them are lawyers, except Jamal Zagel and Hilmi Hajuj, originally a lawyer, and of course, the greatest among them who taught them the game, Muhammad Zaki Abu Mukh.

This is an example of corrupt Shin-lawyers cooperating with Muhammad Zaki Abu Mukh.

Did you know he leads the Ramadan prayer at the 'Abd Al-Raof Mosque

He cheats on people because he's a lawyer. You call him to take care of the case, and then he asks you to give a downpayment. He gets paid and disappears

He did it with the drafts, too. He did it with my late master Mahmoud Said Ghanaian. And he did it with my lord Khaled Abdallah Abu Mukh, the late, and with others from the dead and the living

Message forwarded by Ismail Ibrahim

A gift for Muhammad Zaki Abu Mukh

Friends, this is not a man of religion; this is a devil. Let's vote him out and expel him and get rid of him. This thief, Abd al-Raof, is the head of the snake, he is the one who operates them, and he is the one who caused the divorce of half the girls in Baka. Why are we leaving him alone? He needs to get out, and our brothers in Hebron must depose him and expel him from the West Bank. We don't need more thieves and spies.

In the next few days, we have to shut this college down. If he's a man or any of his punks thinking of getting close to college, we're not puppies. It's really amazing. He's sitting in my lap and scratching my beard's hair. We need a final solution that will rid us of him and his evil, him and all those like him.

May God not guide you, Mohammed Zakki. You incited the Arabs against each other. May God cut off your tongue. Honestly, the thing is, this dog still curses our clans. The head of this dog should be broken. He and his sheik, the Bandit, the corrupt, the scoundrel. All right, in the next few days, you'll be punished, and let your rogue sheik help you.

It's usually supposed to run the families in Baka in the next few days. At least Mohamed Zaki should be disciplined before he curses those with whom they disagree. It is known that the members of the movement and its leaders have other positions. They see corruption and are not satisfied. Therefore, when he calls on those who disagree with him to dogs, he should be held to account. The college has become a source of incitement and quarrel, so it must be closed in the near future, and the Sheikh must not enter it.

4/12/11/05/2003 - The case of Muhammad 'Afif Hosni al-Qawasmi

I confirm the matching of the information provided about both of them further to my letter

5/23/a/m/k/1995

Reports indicate that Afif al-Qawasmi, the leader of the cult, died on 19.12.1998. A medical report on the cause of death is attached. Since then, the surveillance of Muhammad Zaki Abu Mukh and Muhammad 'Afif al-Qawasmi has increased, adding two additional officers to the mission under Zaher responsibility.

The surveillance of the phones they had revealed that there had been talks between Muhammad 'Afif al-Qawasmi and 'Abd al-Rahof Husni al-Qawasmi, in which he informed him of his father's death and that he would postpone the burial until his arrival. This is to choose him as heir to his deceased brother, and that he does not agree that anyone else will be appointed leader of the Sufi cult and that the arrangements have been arranged in advance. Conversations were also found between Muhammad 'Afif and Muhammad Zaki Abu Mukh, during which they agreed to the mechanism the way they would take after his father's burial, and the instructions indicated the need to appoint 'Abd al-Qawasmi to facilitate the work and the agendas that the authorized management determined. They concluded that after the deceased's burial, Muhammad 'Afif al-Qawasmi and Muhammad Zaki Abu Mukh would urge the cult members to appoint 'Abd Al-Raof Al-Qawasmi to head the sect. This was done with the help of Muhammad Zaki Abu Mukh, who arranged and discussed matters because of the hesitance and confusion among the members of the sect at the time since, on the previous day, several young people chose Husam al-Qawasmi to lead the sect. However, instructions came from Muhammad 'Afif al-Qawasmi and Muhammad Zaki Abu Mukh that he should act quickly to replace Husam al-Qawasmi, who, according to the information they have, has political tendencies, although the person is not active. Thus, Abd Al-Raof Al-Qawasmi was appointed heir to his deceased brother. This happened on the first day and the second day after the passing of Afif al-Qawasmi. Attached are all reports, listings, and pictures with date documentation For your perusal and to contact those who need to prepare a new clerk for Abd Al-Raof Al-Qawasmi or leave the previous official who was responsible for flying Hosni al-Qawasmi. Peace and blessings,

I read the nonsense of the lecherous Muhammad Zaki Abu Mokh. The truth is that if he had "Mokh" (brain), he would not have said what he said, but God deprived him of his brain and gave him a corrupt and hypocritical tongue. We tell him: You're a greaser, insignificant, talking about the cult like that. This college was built with our own money, and we have the first right to enjoy its teaching and its finances, and not you, who are a heretic, an agent of the institution. You will not decide who the zealots and rallying guards are. The college is neither your property nor your corrupt leader, who is stealing the money of the cult. We'll cut off your leg if you step into college and cut your tongue out. In the days to come, we will not allow spies like you and the mercenaries to be members of a cult. The days are still ahead of us. Don't laugh today. When we are in the shape, we will punish all the corrupt, we will crush you even if you enter into your burdens. We have prepared gifts and surprises for you, which you and your masters do not expect.

Bless Abu Bara. Although we do not like to discover the surprises we have prepared for this corrupt person and his like, for these are secrets, but I recommend to them that from now on, and after we have called our friends inside Israel dogs, I recommend that they have days of terror. Our brothers in the right places will teach you a lesson, and before that, the members of the sect are members of free families. Who are you to call the members of the sect and the families in Baqa and Palestine dogs? Tomorrow you will learn who the dogs are, and we will teach you how to talk about free families; you are the agent of the Mossad.

My brothers, I believe we will blow this up tonight on his head and on the head of his corrupt leader, and on the head of every corrupt person. Let's get him out of Nova and have him deported, which he never saw before, not like they did to Gaddafi.

Yesterday, 12:20, sent from mobile phone

To be honest, he must be rid of his evil. It's a corrupt man. Let our friends in Hebron work tonight. We are members of a large family, Muhammad Abu Zakki. All of us do not say dogs, and you know that there is a permanent punishment in Arab norms. We're going to break your neck, you and your leader. I'm going to forbid you to go in there and see how your masters can help you. Remember, all you have is the money from the cult. Shame on the heads of families if they hold back on what you say and what you do. We need to break your head, you and your leader.

Yesterday, 12:24, sent from mobile phone

It won't go away quietly. All the good he enjoys, he and his leader with our money. Honestly, I can't sleep. If by tomorrow morning this dog isn't gone, I won't have a rest; he and his leader will follow him. We're sick of him and his bunch of kids. These won't do them any good; just breaking heads will do them well. **Yesterday, 12:35, sent from mobile phone**

Friends, these are their fates. That's it; there's nothing more to add. Our end is that we are dogs, we and the dignitaries of our families, when Muhammad Zaki, Muhammad Afif, and Abd Al-Raof became masters. Never mind, if things got so bad that we fed them up and took them out of our own money, then on Sunday, this person will get close to the college. This college has to close. We don't want her and don't want anyone to go into her to learn humiliation and deceit.

Beware of the spy Mohammed Afif al-Qawasmi, who sold himself to the Mossad and ratted out his relatives in the wool for easing and protecting his business

For anyone interested,

Anyone who wants to read a lot of information on this matter is asked to leave his name in the comment, and I will add him. And once he has reviewed the information, I am ready to answer any questions or inquiries and am ready to be in touch with the competent bodies, whether it be intelligence bodies or anti-corruption bodies, or the Waqf office in the East Bank and the West Bank, or the Al-Azhar Institute.

محمد عفيف قواسمي وزوجته

When I asked one of the idiots after Ismail's stress, what do you know about Muhammad Afif???

He said to me: I know he's a lowlife, a spy, and a Hashish consumer.

I asked him: Where did he get all his money??

He replied: from Palestinian people's money through the organization and the

Palestinian Authority.

I said to him: Did he not steal the Muslim's money ???

He said: No, not at all

The conclusion is that they would have kissed the hand of Muhammad 'Afif on the grounds that he was the master's son

And now they acquit him of stealing the Endowment money as if stealing the money of the Palestinian people is permitted while stealing the Endowment money is forbidden. A thief is a thief

The principle cannot be divided

Since 1988, and after the appointment of Afif Al-Qawasmi (a member of Fatah and a prisoner of the Israeli Mossad), the Dervishes have fallen victim to the fraud and he has been appointed head of the Khlewati Qasmi sect. He strengthened the status of his son, Muhammad 'Afif al-Qawasmi, in all matters of the sect (financial matters and purposes) after his father's death in 1998, Abd al-Rahof al-Qawasmi was chosen as his brother's heir, and he was also a Fatah man with weak personalities and his financial situation was deteriorating. He received threats and succumbed to threats, and then the Zionists controlled the cult and achieved their hidden goals, supported Muhammad Afif al-Qawasmi and the rest of the interests around him, and provided him with protection and ease to manage his financial affairs in exchange for the implementation of the poisoned Zionist agenda, which was imposed on him (treason, the annulment, the implementation of an agenda...).

The weirdest thing today is that the head of the snake, Mohammed Afif, is still has his head buried in the sand like an ostrich. Does that indicate anything?? Yeah, it means a lot of things

One of the essential meanings that can be drawn is that Muhammad Afif thinks his masters can protect him and that this fire will not harm him since he took what he had taken from the public money in a scam under the grounds of the holy money, but he already has the money and has become his private money and no one can take it back. They also rely on the ignorant cult members, who see the cult leader as a messenger of God, and that he can't do such things. But they don't know that someday the fire will reach them either.

Therefore, the members' awareness of the sect should be increased for this gang and the Zionist agenda they are working on; this is very important.

"Those who believe, then reject faith, then believe (again) and (again) reject faith, and go on increasing in unbelief,- Allah will not forgive them nor guide them nor guide them on the way".

Qur'anic verse

He was recruited to work with the Zionists in 1998 by two spies: Muhammad Zaki Abu Mukh and his nephew, the spy Muhammad 'Afif al-Qawasmi. They put his hat on him at the order of the Israeli intelligence services.

The spy Mohammed Zaki was recruited to work with the Zionists in 1995. He is in charge of the Al-Qasemi institutions, appointed by his leader, and is engaged in extortion through the sex of Al-Qasmi students.

The spy Muhammad 'Afif al-Qawasmi. He was recruited to work with the Zionists in 1995 by the spy Shawkat Qadan. He gained power in the Sufi cult thanks to his father, the head of the cult. He used all the cult's money for his own benefit and ratted out his relatives to the Zionists, so some were killed, and some were imprisoned
